Engr. Prof. Dr. Athar Mahboob, Vice Chancellor presiding over the syndicate meeting

allowance for contractual employees as well as revised conveyance allowance for special persons. The members also reviewed

recommendations of tenure track rules implementation committee and fee structure committee. Matters relevant to study leave,

extensions in contracts, pension cases were also discussed.

## Islamia University Bahawalpur Regularized 544 Contract Employees

Islamia University Bahawalpur regularized 544 contract employees from grade 1 to 18. These employees have been made permanent under the Punjab Regularization Act 2018. The decision sparked a wave of joy at the University employees and they paid gratitude to Vice Chancellor, Engr. Prof. Dr Athar Mahboob and syndicate members

for resolving this long pending issue. Employees said that the way Engr. Prof. Dr. Athar Mahboob has resolved the long-standing problems of administrative, financial and academic research of the university in a very short period of time is a clear proof of his resourcefulness and excellent management skills. The declining trend of students

in the university was abruptly eliminated through the enrolment of 12,000 students. About 400 new teachers have been appointed. Classrooms, laboratories, transport and medical facilities for students have also been expanded and improved tremendously. Academic circles, civil society and other important sections of society also

joined hands with the university in terms of events and community development. All these sections of Bahawalpur welcomed these steps of the Vice Chancellor for the social and educational development of the area.

## Selection Board Meeting

A view of selection board meeting

Selection Board of the Islamia University of Bahawalpur interviewed 42 candidates for 15 posts of assistant professor for departments of Applied Psychology, Commerce and Statistics. Meeting of selection board was held under the chair of Engr. Prof. Dr. Athar Mahboob, Vice Chancellor while members included Dr. Shehzad Qaiser, Prof. Hameed Raza Siddiqui, subject experts and deans of faculties.

## Prime Minister's Ehsaas Undergraduate Scholarships Program

Engr. Prof. Dr. Athar Mahboob, Vice Chancellor, praised the Prime Minister's Ehsaas Undergraduate Scholarship Program benefiting 50,000 students across the country. As many as 5323 students of the Islamia University of Bahawalpur

have been registered for this program which will enable them to pursue their studies without any financial hurdle. He further added that a special help desk was established and training sessions were held to apprise students about

this scheme as a result thousands of students of this region are availing benefits from this educational friendly scheme of Government of Pakistan.

## Islamia University of Bahawalpur and Hamdard University Karachi Join Hands to Promote Education

The Islamia University of Bahawalpur and Hamdard University Karachi agreed to collaborate in the field of Pharmaceutical Sciences. This was decided during a meeting of Engr. Prof. Dr. Athar Mahboob, Vice Chancellor, the Islamia University of Bahawalpur and Prof. Dr. Shabib ul Hassan, Vice Chancellor, Hamdard University Karachi. On this occasion, both the Vice Chancellors signed an MOU to promote teaching and research and initiate joint research project in the field of medicines, quality control, cosmetics, nanotechnology, bio-studies, clinical studies and pharmacology. The two universities will encourage research at post doctorate level and share technical information besides managing faculty and students exchange programs. Prof. Dr. Naveed Akhtar,

A view of MoU signing ceremony

Dean, Faculty of Pharmacy, Islamia University of Bahawalpur and Prof.

Dr. Muhammad Azhar, Dean Faculty of Pharmacy, Hamdard University

Karachi were also present on this occasion.

## IUB and IBA Karachi Decide to Collaborate for Entrepreneurial Development

Engr. Prof. Dr. Athar Mahboob, Vice Chancellor, the Islamia University of Bahawalpur visited AMAN Center for Entrepreneurial Development (CED), IBA Karachi. The purpose of this visit was to enter into a partnership with IBA, CED and work together to promote entrepreneurship in Bahawalpur and vicinity. Dr. Shahid Qureshi, Program Director IBA CED briefed him about the indigenous model of CED and its various programs of entrepreneurship. The Vice Chancellor also had a meeting with Dr. Huma Baqai, Acting Executive Director IBA Karachi. Dr. Huma welcomed Engr. Prof. Dr. Athar Mahboob and discussed various avenues of collaboration in higher education. He also had a tour of incubation and interacted with

Engr. Prof. Dr. Athar Mahboob, Vice Chancellor presenting a memento to Dr. Huma Baqai

the young entrepreneurs who were running their businesses from IBA CED incubation center.

The departmental Memorandum of Understanding was signed by Dr. Muhammad Shahid Nawaz, Assistant

Professor, School of Business Management & Administrative Sciences, Islamia University Bahawalpur and Azad Ahmed, Acting Manager, IBA CED in the presence of Engr. Prof. Dr. Athar Mahboob and Dr. Shahid Qureshi. Both the institutions will devise action plan to schedule faculty development for entrepreneurship, teaching and launching incubation center at Islamia University of Bahawalpur.

## Vice Chancellor Announces Mega Development Projects

Engr. Prof. Dr. Athar Mahboob, Vice Chancellor, the Islamia University of Bahawalpur said university has planned mega development projects to promote this institution as center of excellence. He said that various steps have been taken for the promotion of quality education in the three districts

including Bahawalpur, Rahim Yar Khan and Bahawalnagar through sub campuses of the Islamia University, Bahawalpur. Talking to radio Pakistan he said that after the completion of mega projects it will be a leading University which will cater the educational need of the remote areas of South Punjab as

well as of Cholistan. He said that for the first time, the university will play very important and central role during the upcoming 15<sup>th</sup> Cholistan Jeep Rally through trade fair, establishment of stall by university's veterinary college and college of arts and designs for the promotion of centuries old art

and culture of Cholistan desert. He told that soon after assuming his charge, he has re-launched evening programs in those disciplines which had been closed down so that more students can enroll in the university. He further stated that an extensive campaign was launched during the admission season under one

window operation by the university, resulting in receiving of record sixty thousand applications out of which eight thousand students were declared eligible purely on merit to get admission in the various programs of the university. Responding to a question, Engr. Prof. Dr. Athar Mahboob informed that special anti-hepatitis campaign was launched across the university for its students and employees, under whom twenty-one thousand persons including students, employees and their families were screened with the collaboration of local health department. Vice Chancellor Engr. Prof. Dr. Athar Mahboob said that the promotion of quality education through faculty is his mission so efforts are being made to hire qualified teachers to enrich the existing faculty of different departments and in this regard the number of faculty has been increased upto eight hundred through merit based recruitment and he is committed to extend it up to one thousand and one hundred faculty members. He informed that seven buses and two coasters

have been included in existing fleet of university's transportation wing costing one hundred million rupees and now total number of

Mahboob said he firmly believed upon the linkages, joint ventures and collaboration of different institutions for the promotion of

will be organized by the next month in university for the promotion of arts, culture, literature, and other fields of performing arts in the

Engr. Prof. Dr. Athar Mahboob, Vice Chancellor along with Sajjad Parvez, Dy. Controller News Radio Pakistan

buses and coasters has been raising upto fifty eight. He said for the first time in the university's history the administration has decided to extend its buses route upto Yazman, Khanqah Sharif and Lodhran district and soon it will be extended upto Ahmed Pur East and Khair Pur Tamewali to cater the needs of the students belonging to those areas. Vice Chancellor Engr. Prof. Dr. Athar

research culture and in this regard about thirty six MOU's have been signed with different department including Bahawalpur Chamber of Commerce and Industry, Press Club, Bahawalpur Civil Hospital, Punjab Live-Stock Department, Hamdard University, Karachi, ACCA and other institutions. He informed that for the first time in the Bahawalpur's history, a three-day literary festival

region which will be attended by a galaxy of stars from different walks of life. While discussing his future plans, the Vice Chancellor Engr. Prof. Dr. Athar Mahboob said his dream to convert the university among top five of the country during his tenure and for achieving this target he is working hard along with his entire faculty members and staff as he believes in team work.

### International Pharmacy Conference

Engr. Prof. Dr. Athar Mahboob, Vice Chancellor, the Islamia University of Bahawalpur said that a state-of-the-art building for Pharmacy Department will be established in Baghdad ul Jaded Campus. This

building will facilitate modern research and teaching in the field of Pharmacy. The Vice Chancellor expressed these views during the closing ceremony of 2<sup>nd</sup> International Pharmacy Conference organized

by Department of Pharmacy, the Islamia University of Bahawalpur. The country demands expansion in the health sector due to fast growing population, on the other hand this sector also has tremendous job

potential. The Islamia University of Bahawalpur is establishing allied health departments including nursing which has a rising demand both nationally and internationally. Punjab Government has also agreed to fund new building for College of Conventional Medicine which will surely boost teaching and research in alternative medicines. Prof. Dr. Naveed Akhtar, Dean, Faculty of Pharmacy said that as many as 170 national and international delegates participated in the conference and presented research papers in the field of Pharmaceutics, Pharmacology, Pharmacy Practice, Pharmacognosy and Pharmaceutical Chemistry in three-day proceedings. Conference focal person Dr. Asad Ullah Madni highlighted exhibition organized on the occasion of international conference to showcase industrial and commercial research in the field of Pharmacy.

## Worthy Vice Chancellor Announced New Academic Programs, Academic Blocks, Innovative IT Infrastructure And New Busses During His Visit To Bahawalnagar Campus

Engr. Prof. Dr. Athar Mahboob said that Bahawalnagar campus of the Islamia University of Bahawalpur is playing an important role in higher education development of the area. University campus is a source of high-quality education facility for the youth. Immediate steps will be taken for development and growth of this campus, established

since 2005. The Vice Chancellor shared these thoughts with faculty members and other employees during his visit to Bahawalnagar Campus of the Islamia University of Bahawalpur. He said that, initiative has been started to provide innovative facilities to Bahawalnagar campus just like the central campus. Soon the deficiency

of teaching and non-teaching staff will be removed. Just after taking over the charge of the university he issued order for reinstatement of all the stopped teaching that was a major demand of youth of that area. Construction will be started to fill the deficiency of academic

blocks and existing buildings will be expanded and renovated. Campus will be equipped with innovative technology facilitation and urgent provision of smart class rooms and video conferencing. Worthy Vice Chancellor, during his visit of Bahawalnagar Campus, participated

in Clean and Green Pakistan plantation campaign and planted a tree. At this occasion prayer was made for the development and prosperity of the campus. Campus Director Dr. Abou Bakar briefed over the ongoing curricular, co-curricular, administrative and

developmental operations. On this occasion Deans and Principle Officers were also present. Worthy Vice Chancellor also visited class rooms, libraries, and computer labs and inquired students about their academic activities.

### International Workshop on X-ray Crystallography in Structural Biology

The 4<sup>th</sup> International Workshop on X-ray Crystallography in Structural Biology was held at the Islamia University of Bahawalpur. Engr. Prof.

as is evident from 30 Nobel Prizes awarded to this technique in several fields of science. It is encouraging that this field is flourishing in

their complexes at atomic level resolutions. This technique is being used in the fields of health industry, agriculture, environment related

production, pest/insect control and degradation of pollutants. During this three-day workshop participants were provided with

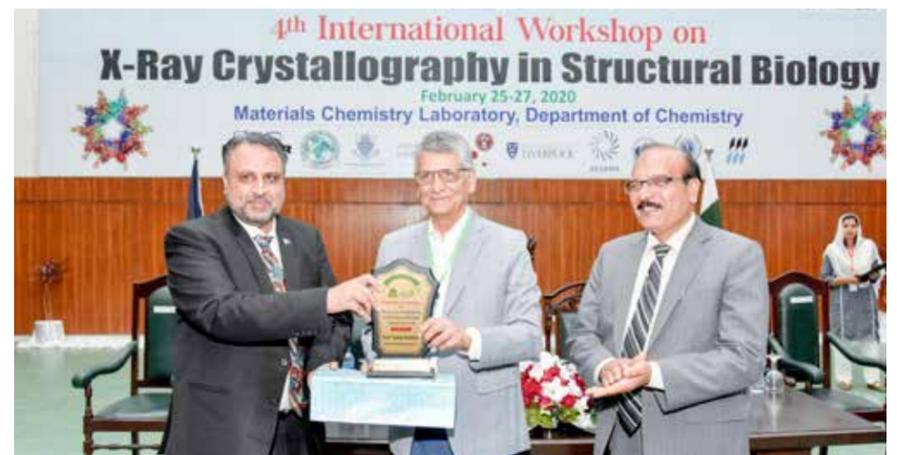

A view of inaugural session of Crystallography Workshop

Dr. Athar Mahboob, Vice Chancellor was the chief guest of inaugural session. As many as 60 delegates from Brazil, Denmark, United Kingdom and various universities and research organizations of Pakistan participated in the three-day event held in collaboration with Higher Education Commission, Pakistan, Science Foundation, International Union of Crystallography and Materials Chemistry Lab, the Islamia University of Bahawalpur. Engr. Prof. Dr. Athar Mahboob said that Crystallography is a multidisciplinary science which has made huge impact on the society

Pakistan and the Islamia University of Bahawalpur is playing a key role in this regard through the state-of-the-art Crystallography laboratory. He was of the view that research infrastructure be optimally used for the benefit of science and society. Conference focal person and Principal Investigator Dr. Maqsood Ahmed said that as many as 200 research papers received for this workshop which shows popularity of this sophisticated technique. He said that no other technique has been made instrumental as X-rays Crystallography for visualizing 3D structures of proteins and

issues such as drug discovery, vaccine development, enzyme

structure determination by the use of X-ray Crystallography.

### International Conference on Business and Entrepreneurship Research

International Conference on Business and Entrepreneurship Research organized by the Department of Management Sciences, the Islamia University of Bahawalpur, was held at Baghdad ul

Jadeed campus. Engr. Prof. Dr. Athar Mahboob, Vice Chancellor, was the Chief Guest in that conference, the Vice Chancellor said that the Islamia University of Bahawalpur is witnessing a new era of progress

and expansion as new academic programs compatible to current local and international market are being started. The existing programs are being revamped to meet societal needs through

innovation and development. The university is also playing leading role in socioeconomic development for building communities. The Islamia University of Bahawalpur has recently opened E-Rozgar

Participants of inaugural session of ICBER Conference

Center through government scheme to provide job and business opportunities to local youth. The University students actively participated in trade fair jointly organized with Bahawalpur Chamber of Commerce and Industry and district administration. This event provided local business organizations and cottage industry great opportunity to showcase their products to thousands of local and international tourists on the occasion of annual jeep Rally. Talking on conference topic, he said that innovation is a wonderful concept while technology has

made innovation easier. He also emphasized on ethics in business, society and policy making which is responsibility of researchers, academics, managers and practitioners. Opportunities of CPEC will provide in the coming years must be looked not only through innovation, business or economic benefits but also the ethical ones otherwise this progress will be hollow and not fruitful. Dean Faculty of Management Sciences Prof. Dr. Jawad Iqbal thanked the national and International delegates for their arrival and participation in three-day event in Bahawalpur.

Engr. Prof. Dr. Athar Mahboob, Vice Chancellor presenting a memento to a foreign delegate

### Worthy Vice Chancellor's Message on Pakistan Day

Engr. Prof. Dr. Athar Mahboob, Vice Chancellor said that Pakistani nation is known in the world due to its resilience and determination which has been tested many times in hard times. Father of the Nation has given us principles of unity, faith and discipline which always guided us to pass through tough challenges that we came across in the past. The Vice Chancellor expressed these views in his message on the occasion of Pakistan Day. He said that Pakistan Day reminds us of great pledge taken by the Muslims of the subcontinent under the great leader of their beloved leadership Quaid e Azam Muhammad Ali Jinnah in the form of Pakistan resolution passed on 23 March 1940 at Lahore. It was great leadership and untiring struggle of the Muslims

of Subcontinent that they achieved destination of a separate homeland by changing map of the world within seven years. Engr. Prof. Dr. Athar Mahboob said that today we are facing a great challenge of Covid-19 along with international community. Today, we need to unite against the challenge of this pandemic disease through unity, faith and discipline. There is no reason, we can overcome this hidden enemy and pass through this challenge as an iron nation. The Islamia University of Bahawalpur has provided all the required facilities of hostels to Government of Punjab quarantine centers as in other universities across the province. He advised students to remain calm and vigilant and take care of their families, friends

and neighborhood. He also asked student to stay at home and avail

cover their semester loss. The Vice Chancellor hopes that we will face

the facility of Online classes as faculty has provided syllabus to students through Online or digital means. This step will help them to

this challenge as a living nation and show ourselves a responsible and resilient nation.

## Seminar on Role of Cotton in National Economy

Engr. Prof. Dr. Athar Mahboob, Vice Chancellor Presting a shield to provincial Minister Hussain Jahanian Gardezi

Provincial Minister for Management and Professional Development Hussain Jahanian Gardezi said that the agricultural research held at the Islamia University of Bahawalpur is commendable. What's more, there is an example for the most important generation of university research and the most important types of universities that emerge in their trunks. The provincial minister expressed these views while addressing a seminar at Islamia University Bahawalpur on the topic of restoration of cotton crop and prosperity of the beloved homeland. He said that steps have been taken by the government to rehabilitate

important and cash crops like cotton. There is a glimmer of hope that a double cotton crop in the beloved homeland will revive the economy and bring prosperity to the farmer. Vice Chancellor, the Islamia University of Bahawalpur said that the university research should meet national needs and aspirations. The Agricultural College, Islamia University of Bahawalpur goes on different national forums for research on different crops. Varieties introduced by the College are introduced at more than 40% of agricultural land. Islamia University Bahawalpur will carry forward and further promote these

great research traditions. Cotton Commissioner Dr. Khalid Abdullah on the occasion gave a briefing on the cotton crop, cultivation issues, its cultivation in the country, climate change and the situation of the farmer and the economic situation. Due to these problems, the main component of the cotton economy is now left far behind. Dr. Muhammad Iqbal Bandasha Director research gave an overview of the discovered crops at Islamia University Bahawalpur and their performance in high temperature and water coagulation. He said that

the varieties of cotton discovered in the university have excellent ability to fight against local weather and geographical conditions and leaf turning virus and other diseases. On this occasion, a memorandum of understanding was signed between Islamia University Bahawalpur and Evygl group. The agreement was signed by Prof. Dr. Athar Mahboob and Asif Majeed, Head of Evygl group. Agreement conditions both parties will take steps to promote agricultural research, collaborative projects and provide internships and jobs for students.
